The Office on Aging (*OoA*) is working together with the Orange County Aging Services Collaborative (*OCASC*) to conduct a needs assessment of older adults residing in Orange County. The focus of this assessment is to evaluate issues and perceived needs of older adults.

Our 2017 needs assessment, respondent's top three concerns were:

1. Socialization (54%)
2. Financial Assistance (43%)
3. Transportation (40%)

The Office on Aging is requesting your assistance in completing this 10-minute [needs assessment survey](#) to identify new and current needs within our community.

With your help, the Office on Aging will continue to employ collaborative partnerships and innovative programming to maximize limited resources and improve the older adult service delivery system in Orange County.
