Adult Residential Care Facilities (RCF)

Adult Residential Facilities are licensed care homes for adult residents ages 18 through 59 with mental health care needs or who have physical or developmental disabilities and require or prefer assistance with care and supervision in a private residential home setting. Adult Residential Facilities provide non-medical custodial care in a single-family residence. This includes assistance with activities of daily living such as bathing, dressing, toileting, housekeeping, transportation to medical appointments, and supervision of medication. For those suffering from Alzheimer's or another form of Dementia, Adult Residential Facilities can be ideal because there are fewer residents and fewer staff which can lower stress and anxiety. Adult Residential Facilities can be a very dignified and cost-effective alternative to living independently. Because of the wide range of services offered, consumers should look closely at the cost and program of each facility to determine what will meet their specific needs.
